THE LATEST SCOOP ON COMMUNITY AFFAIRS BY XOOPS

I don't know about you, but I feel like winter is speeding by! I hope everyone's holiday plans went off without a hitch! Now that the hustle and bustle has settled down a bit, let's take a look at what's going on in the community.

♥ If you haven't been keeping an eye on the **Whiskerwick Advent Calendar**, this is your cue to go check it out. There are still lots of petz left to adopt! Let's get these petz wonderful homes for the new year (whiskerwick.boards.net/thread/15521/)!

♥ If you're like me and drowning in all the adoptions from the past few months, check out the **Re-Adventing Challenge** hosted by Dew. Get your pets sorted, crew pages updated, and earn a chance to win a prize (whiskerwick.boards.net/thread/15804/, open until Feb 29).

♥ Whiskerwick ran a **Year of the Dragon Hexing Contest** throughout January. The contest is closed for entries now, but you can still go vote for your favorites. I have to warn you - every entry is incredible, so it's a tough one to vote for (whiskerwick.boards.net/thread/15822/)!

♥ There is a **Petz Resolutions** post you should check out - especially if you need any ideas or want to share your petzy goals for the year! (whiskerwick.boards.net/thread/15775/).

♥ Back again for this year is the **WW Love Letter Exchange** (whiskerwick.boards.net/thread/16085/). Get your letters in asap, February 14th is coming up fast!

♥ Jumping over to Discord, the **Petz Life server (18+)** has a **birthday Jubilee** event taking place on Feb 9. The celebration features adoptions and goodie drops donated by its members. A casual "**Cupid's Post**" event is also planned for Valentines Day (Feb 12-18). Come share a Valentine and get a treat!

♥ A fancy new show discord with a swath of automated features has been developed by Thor. Whether you're a veteran or just getting started with petz showing, the **Petz Show Club** is the place to be!

♥ The **Discord Show Club** run by Dew will be hosting show weekends starting at the end of February. More info will be announced on the discord, so stay tuned!

♥ Forum shows on WW and RKC are also popping right now, so there's never been a better time to get involved in this facet of the community!

♥ What do you do after all this showing? Head over to the **Petz Show Companion** and enter your results of course! (petzshowcompanion.com/). New features and quality of life improvements are in the works, so now is a great time to set up your account! You can also enter your newly titled SGCh or Legends into Shade @ NSP's google form for community champions (link on the Petz Gazette website).

♥ If you're also a member of the Babyz community and haven't yet taken a look, go check out the **Grow with Love event on Milk**. The anticipation is mounting as the secrets of everyone's growers are revealed.

Last but not least, there are some updates and bug fixes to **Prism Mirror Lens' PetzA and the Thumbnail Viewer**. If you haven't downloaded the new versions, head over to the Rat Shack today! (ratshack.neocities.org/)

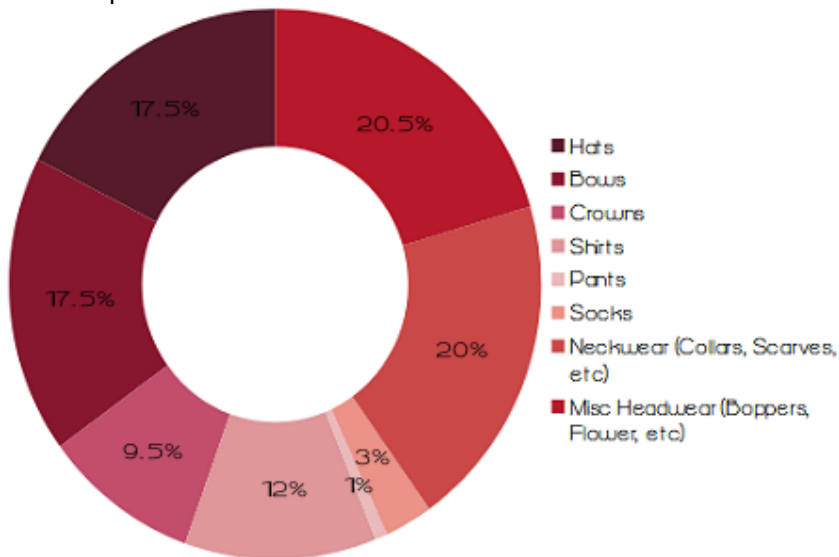

A recent poll asked the community to list their top three favorite clothing articles, and these are the results! First, let's talk about pants. Much to my surprise, no one likes pants. Well, to be fair, one respondent answered pants! Perhaps this user will initiate a new trend of petzy leggings to open our minds to the possibilities. Until then, I suppose most petz will remain pantsless.

I expected "Bows" and "Misc Headwear" to rate highly - and they did! As a community we do seem to like adorning our petz heads, and the sheer number of hexed bows makes it clear that they are a wardrobe staple. As for other headwear, I expected crowns to receive a higher response and hats a lesser one, so I wasn't prepared for the reverse!

The low appeal of socks was not too shocking. It's rare to see petz with socks on! Neckwear on the other hand, was a bit unexpected. I do see petz wearing collars and scarves on occasion, but not so much that I would have expected them to place second for community faves!

What do these results tell us? Headwear of any kind is popular in the community so it's a safe bet if you want to hex clothes for others. If you're hexing a pet, make sure it's capable of wearing all this wonderful headwear! Ask yourself, can this hex wear a hat? (I think there's stamp about that somewhere...) Otherwise, focus on some more neckwear, and maybe even some new kinds of shirts. There are tons of textures out there to make some fun shirts, and they're a quick article of clothing to make, especially if you're newly venturing into clothes hexing. Or perhaps you're ready to make pants the next big fashion statement in the community?
